Summary

AI & Data Science undergraduate (CGPA **8.87/10**, 2027 batch) with hands-on experience coordinating Agile program delivery — defining scope, milestones, KPIs, and risk mitigation across engineering and product teams. Managed multi-phase technical programs end-to-end. Strong documentation, stakeholder communication, and cross-functional coordination skills. Familiar with AWS, SDLC, and enterprise product delivery workflows.

Skills

Program Management: Program Scoping, Milestone Planning, KPI Dashboards, Risk Identification & Mitigation, Stakeholder Communication, Status Reporting, Agile/Scrum, Sprint Planning, Backlog Grooming, SDLC

Technical: Python (Pandas, NumPy), SQL, REST APIs, AWS, Cloud Computing, Blockchain, Generative AI, LLMs, NLP, LSTM

Tools: Jira, Notion, Git/GitHub, Google Workspace, Power BI, Tableau, Figma

Work Experience

Prodigal AI

Jul 2025 – Aug 2025

ML Team Lead Intern | Program & Product Delivery | COO Office

Remote

- Defined program scope, milestones, and success metrics across 2 concurrent AI products — maintained project plans, tracked sprint progress, and communicated weekly status to COO; reduced sprint ambiguity by ~30%.
- Identified critical workflow risk; coordinated delivery of a **GenAI automation solution** eliminating a manual KPI cycle — managed **4-person Agile team** through sprint planning, UAT, and release. Awarded **Letter of Recommendation** by COO.

AICTE IDEA Lab — GGSIPU

Jun 2026 – Jul 2026

Research & Program Intern | Blockchain & AI Systems | Mentor: Dr. Abhishek

New Delhi

- Managed two-phase technical program for NeeLedger — defined roadmap, tracked milestones across system design, frontend, and backend phases; identified and mitigated blockchain pipeline risks within a 6-week window.

IBM SkillsBuild × CSRBOX

Jun 2024 – Jul 2024

Data Analytics Intern | 6-Week Programme

Remote

- Coordinated team of 5 — defined project plan, tracked milestones, documented action items, shipped Analytics Dashboard on schedule. IBM certified: **PM Fundamentals**, **Agile Delivery**, **SDLC** (29.8 hrs).

Anusha Educators

2022 – 2023

Subject Tutor | Chemistry (Sr. Secondary) & All Subjects (Secondary)

Delhi

- Diagnosed individual student learning gaps and redesigned explanation strategies per learner profile — failing students cleared exams, average students moved above average, and top students gained deeper conceptual clarity; developed structured communication and outcome-tracking habits that directly inform how I manage stakeholders and measure program success today.

Technical Programs — End-to-End Delivery

NeeLedger — Blockchain MRV Registry | Multi-phase Program, Enterprise Delivery, Risk Mgmt

Aug 2025 – Present

- Scoped and delivered two-phase technical program — Phase 1: credit lifecycle management; Phase 2: MRV document registry. Tracked KPIs, managed cross-functional team, coordinated stakeholder reviews. **100% traceability**. **National Finalist**. [Live](#)

VoltIQ — AI Energy Platform | ML Pipeline Delivery, KPI Tracking, Iterative Releases

Dec 2025 – Mar 2026

- Defined success metrics before engineering — tracked LSTM + OR-Tools pipeline milestones, identified integration risks, coordinated iterative releases with real user validation. [Live](#)
